### Valuation policy

Net Asset Value is the value of all VOF assets less all VOF liabilities determined each month in accordance with the valuation guidelines adopted by the Directors from time to time. Under VOF's current valuation guidelines:

- The value of any cash in hand and other monetary assets is deemed to be the full amount less any discount determined as appropriate by the Directors;
- The value of quoted securities (including any securities traded on an "over the counter market") is based on the last bid price less any discount determined as appropriate by the Directors;
- Unquoted investments and real estate projects are initially valued at cost. They are subsequently revalued in accordance with international valuation guidelines when the Directors determine that there may have been a material change in the value of an investment; and
- All values other than US dollars are translated into US dollars at the exchange rate on the NAV calculation date.
